Average Monthly Revenue

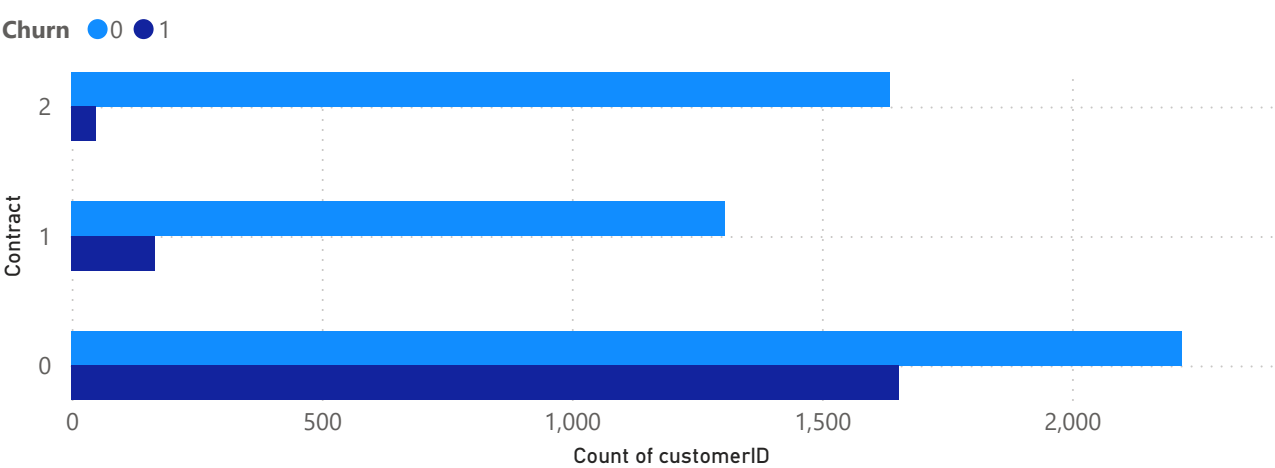

Business Insights

- Month-to-month contract customers show highest churn.
- Customers with shorter tenure are more likely to churn.
- Fiber optic customers generate the highest revenue.
- Long-term contract customers show better retention.
- Higher monthly charges increase churn probability.
- Electronic check users exhibit higher churn risk.

Revenue Trend by Customer Tenure

Top Churn Drivers

Key Recommendations

1. Introduce loyalty rewards for long-term customers.
2. Improve onboarding for new customers.
3. Provide discounts for high-risk churn customers.
4. Enhance customer support quality.
5. Promote long-term subscription plans.
6. Build personalized retention campaigns.
